

CEU INFORMATION

Prevention of Tick-borne Diseases on a Shoestring

This program was originally a Public Health Series Teleconference - April 20, 2005.
Continuing education credit is still available through CDC's PHTN

An online system will be used to process course evaluations and distribute CEU certificates. California and Florida* CEU certificates are also available and can be requested in the evaluation process. This process requires access to the World Wide Web. A valid email address is also required. A personal email account is not necessary. For individuals without a personal email address, a valid laboratory or institutional email address is acceptable. **Please note:** NLTN and PHTN will not fax, mail or email CEU certificates.

1. Each participant must register and complete an evaluation form. The registration and evaluation process takes several minutes. For returning participants, the evaluation process is even shorter.
2. To register, each participant must log on to: www.phppo.cdc.gov/phtnonline

Click on "New Participant" to enter demographic information.

OR

Click on "Participant Login" if returning to this website.

3. Follow the prompts through the registration and evaluation process
4. Course verification code: **TICK** (all capital letters)
5. At the end of this process each participant will be able to print a CEU certification.
6. If participants encounter problems with this process, contact PHTN:
 - a. Email: CE@cdc.gov
 - b. Fax: 404-639-0800
 - a. Phone: 1-800-41-TRAIN (press 1 then 5) or 404-639-1292, during business hours (Monday-Friday) 8 am - 4:30 pm E.T. After hours, you may leave a voice message. You will be contacted the next business day.
